

# Mark each milestone

## What to look for in the development of your 3- to 5-year-old

There are many milestones your child will demonstrate between ages 3 and 5 that help to determine the rate of his or her development.

Please call Build Up today if you notice that your child is:

### Between ages 3 and 4

- Not able to recognize at least 3 colors or shapes
- Disinterested in pretend play
- Having difficulty focusing on an activity for brief periods
- No interest in playing with other children

### Between ages 4 and 5

- Not able to name basic colors and shapes
- Having difficulty understanding the concept of time
- Having difficulty understanding the rules of basic preschool games
- Not able to discuss basic facts about themselves
- Unable to count or point out 5 objects
- Unable to recognize their name in print

## See what free special education services are available for you!

### In three easy steps, get connected:

**Step 1** Visit [BuildUpMi.org](http://BuildUpMi.org) to learn about services and eligibility.

**Step 2** If you feel that your child may qualify for special education services, call your Child Find Coordinator listed on the Build Up website or call 1-888-320-8384 (the Michigan Special Education Information Line).

**Step 3** Your local Child Find Coordinator will explain the resources available and help determine the next best steps for your child.

If at any time you think your child may have a delay or disability that qualifies him or her for special education, you may request an evaluation in writing.

Through your public school district, there are special education supports and/or services available for preschool-aged children (ages 3 through 5) who qualify. If you are concerned that your child may have a disability that is getting in the way of learning, get connected.

Call your local Intermediate School District OR call the Michigan Special Education Information Line at 1-888-320-8384. A recommendation may be made to screen your child or complete an evaluation to determine if your child is eligible.

Evaluations take place during the regular school year (September–May).

# About Build Up

We're here to help – right in your local school district

As a parent, you want to prepare your child for everything. If you notice that he or she may have a developmental delay, call Build Up for help. We offer free services for children ages 3 through 5 years, right where they learn; in their environment, at their speed, for their future.

Build Up helps you address issues such as speech difficulties, learning disabilities, and social skills. We understand that children sometimes require additional support while they learn to read, write, speak, share and interact. If your child is experiencing developmental delays, contact Build Up today.

is dedicated to providing eligible preschoolers with the support they need to get ready for kindergarten.
